

*The Atlanta Chapter of the  
American Association of Blacks in Energy*

*announces its monthly meeting:*

## **“Water: The New Oil”**

Water, a necessity in our modern world. It's plentiful in some places yet scarce in others. We tap it for a wide variety of uses. Lately, the resource has become as valuable as oil in Georgia. Can our state survive another drought? Come join us for an interesting look at water. We will cover topics such as water conservation, desalination and the ever interesting water wars between the southeast states.
